

Who will enter in the largest biometric database in the world?

Visa Information System

Eurodac

Number of (consular) representations¹ capable of delivering "Schengen" visas

• 1 • 5 • 10 • 14

1. Only the consulates of Norway, Iceland and the 15 first Member States are here represented, excepting the United Kingdom and Ireland who have their own visa delivery policies (ie map "At the front-lines of the Schengen Zone").

■ Countries applying the Eurodac Regulation

● Central system of each State²

2. We do not have information on a European scale, on the location of terminals Eurodac.

Schengen Information System (SIS II) second generation

- One point represents 150 terminals³
- 3. The spatial distribution of points was made randomly according to the share of the population in each European state connected to the Schengen Information System. (mapping made with software Philcarto)
